

HSBC Mastercard® Commercial Card

Using your card on Apple Pay

Now you can enjoy all the benefits of your HSBC Mastercard Commercial Card with Apple Pay on iPhone, Apple Watch and iPad¹. It's an easy, secure, and private way to pay. Just add your card to the Wallet on your Apple device and you are ready to make payments in thousands of stores with contactless payment terminals or in participating apps.

Benefits

- Apple Pay is simple and it works with the devices you use every day
- Apple Pay is safe as only you can make payments from your device given every payment requires Face ID, Touch ID or a passcode on iPhone and iPad; and your Apple Watch must be unlocked
- Apple Pay is secure because your card information isn't stored on your device or shared when you pay
- You can easily manage your Apple Pay transactions. Your last 10 transactions are available in your device²
- You can continue to enjoy all the benefits and spending rewards from your HSBC Mastercard Commercial Card

Paying with Apple Pay

Paying in stores

- You can use Apple Pay in any stores equipped with Mastercard contactless payment terminals³
- If your iPhone has Face ID, double-click the side button, and authenticate with Face ID or enter your passcode to open Apple Wallet when prompted. If your iPhone has Touch ID, double-click the Home button. Hold the top of your iPhone near the contactless reader until Done and a checkmark appear on the display. To use a different card, tap your default card to see your other cards, then tap a new card and authenticate
- On Apple Watch, double-click the side button, select the card you would like to pay with and hold the display of your Apple Watch up to the contactless reader. A gentle tap and beep confirm that your payment information was sent

Paying within apps

- Tap the Apple Pay button or choose Apple Pay as your payment method within participating apps
- To confirm the payment:
 - iPhone or iPad with Face ID: Double-click the side button, then use Face ID or your passcode
 - iPhone or iPad without Face ID: Use Touch ID or your passcode
 - Apple Watch: Double-click the side button
 - Mac with Touch ID: Follow the prompts on the Touch Bar and place your finger on Touch ID. If Touch ID is off, tap the Apple Pay icon on the Touch Bar and follow the prompts on the screen
 - Mac without Touch ID: Confirm the payment on your Bluetooth-connected iPhone or Apple Watch. Make sure that you're signed in with the same Apple ID on all devices
- When your payment is successful, you'll see Done and a checkmark on the screen

More Information:

- You can add up to eight⁴ cards in a device and the same card can be added to up to nine devices.
- The first card you added will become your default card. Payment will be made from this card unless another card is selected. You can change your default card anytime by going to Settings> Wallet & Apple Pay
- You can also remove your card anytime by going to Settings> Wallet & Apple Pay
