

HSBC Mastercard® Commercial Card

Using your card on Samsung Pay

Samsung Pay is a secure and easy-to-use mobile payment service which can be used on selected Samsung devices¹ to make purchases almost anywhere. Start using Samsung Pay to enjoy all the benefits of your HSBC Mastercard Commercial Card!

Click onto the Samsung Pay app and add your eligible HSBC Mastercard Commercial Card. With the Near Field Communication (NFC) and Magnetic Secure Transmission (MST) technologies, you can make payments almost anywhere².

Benefits

- Samsung Pay is simple to use and is widely accepted at almost any merchant accepting credit cards
- Samsung Pay is secure because your digital card is stored and protected in Secure Environment using Samsung Knox technology. Your physical card details are not stored by Samsung Pay. To ensure each payment is authorised by you, you need to authenticate every payment with your iris, fingerprint or Samsung Pay specific PIN
- You can easily manage your Samsung Pay transactions. Your last 10 transactions are available in your device³ and all transactions will be grouped on your statement with clear indication of "SAMSUNG PAY"
- You can continue to enjoy all the benefits and spending rewards from your HSBC Mastercard Commercial Card

Setting up

1. Ensure your device is updated to the latest Android version and Samsung Pay app
