Important Risk Warning:

- Investment involves risks. The information in this document does not constitute an offer to sell or solicitation for the purchase or sale of any deposit or investment in any products referred to herein. The price of investments may move up or down. There is an inherent risk that losses may be incurred rather than profit made as a result of buying and selling investment products.
- Some of the funds are structured products which involve derivatives. The investment decision is yours but you should not invest in fund(s) unless the intermediary who sells it to you has explained to you that the product is suitable for you having regard to your financial situation, investment experience and investment objectives.
- You should carefully consider whether any investment products or services mentioned herein are appropriate for you in view of your investment experience, objectives, financial resources and circumstances.
- Investors should not only base on this document alone to make investment decisions.
- Investment products mentioned herein are NOT equivalent to time deposits. They are NOT protected deposits and are NOT protected by the Deposit Protection Scheme in Hong Kong.
- Your principal is protected at maturity if the issuer of the Bond/CD does not default.
- In the worst case scenario, the value of the funds may be worth substantially less than the original amount you invested (and in an extreme case could be worth nothing).
- Investment involves risks. Past performance is no guide to future performance of the products.
- The value of investments and the income from them can fluctuate and is not guaranteed. Investors may not get back the amount they invested.
- Investment returns not denominated in HKD or USD are exposed to exchange rate fluctuations. Rates of exchange may cause the value of investments to go up or down.
- Please refer to the offering documents of the respective products for details, including risk factors.
- The contents of this document have not been reviewed by the Securities and Futures Commission or any regulatory authority in Hong Kong. You should exercise caution when buying any investment products.

IX Key service fees
